SAR SQUAD REPORT

Hi everyone,

We hope you're all well and surviving lockdown as best you can.

We wanted to take the chance to highlight some amazing community work that our Search and Rescue Squad have been part of in the storm conditions that slammed Auckland overnight Monday and Tuesday morning.

Some of you won't know that the club has a SAR Squad and this is our chance to shine a light on the amazing work they've been doing.

Our SAR Squad is made up of a group of volunteers from all parts of the club and can be activated at very short notice.

This was the case when the team were called to assist with the evacuation and safety checks in Kumeu following the devastating flooding that has occurred.

The team consisted of Fenella Sands, Belle Kingi, Sam Walters, Hamish Marsden, Jono Reshef, Jacob Rennie, Jaedan Brown and Joe Wilson spent 9.5+ hours working in the flood water using two of our IRBs to ferry people from their homes, making sure people were safe and working with the multiple emergency services involved.

A further team were also called out, and later stood down, to help in the search and rescue of a kite surfer off Takapuna.

SAR SQUAD REPORT continued....

We've got some amazing people involved in the club, it's great for us to be able to help not just in the Mairangi Bay and North Shore communities but the wider Auckland community as well.

Awesome work team, the club is very proud of you.

TO OUR

thank you
